Why Join?

West Hills *Parent Teacher Student Association* is dedicated to the education, health, safety, and well-being of our youth. Our PTSA board is committed to encouraging parent involvement and continuing to improve communication between the school and home. Supporting these efforts through your membership helps us to fund student programs, provide parent education opportunities, award scholarships for seniors, and much more. In order to accomplish this we ask for your support and volunteerism. Just one hour can make a huge difference to our teachers, students and parents. Communication is key to a successful program, for current parent and PTSA information, please view the WHHS web site: <http://wolfpack.guhsd.net/> and click on PTSA.
